# Magdalene Avalon Retreat: Revelation

The Desert Rose Mystery School®

## Ahava and Blessings

Welcome to the Magdalene Avalon Retreat, our culminating spiritual sanctuary for the year 2023. As we find ourselves in the embrace of the year's deepest darkness, we gather in anticipation of the solstice, entering into a profound exploration of our souls. This retreat is a sacred invitation to awaken the Magdalene within, to fan the divine spark that dwells in the core of our beings.

In this Magdalene Avalon Retreat, we value the power of stillness, the sanctity of silence. It is within these quiet moments that we empty ourselves, surrendering our fears, anxieties, and the clutter of worldly preoccupations. As we create this internal space, we allow the 'Beresheet' - the ever-creating force of Creation - to inhabit us, filling us up with the Infinite that we inherently are. We will become vessels, ready to be filled with an understanding of our true, unending selves.

'Revelation' is an occasion where we journey together in a consecrated circle of unity and acceptance. Here, we will hold space for each other, receive the profound insights that come our way, and fully embrace the revelations of the Magdalene. Furthermore, we will be guided by the wisdom of the Desert Rose Teachers, masters of the spiritual realm who help us navigate our journey towards enlightenment.

In this transformative experience, the whispers of the Magdalene and the teachings of the Desert Rose will touch your soul, guide your spirit, and uplift your being. The Magdalene Avalon Retreat is more than a Retreat, it is a spiritual rebirth and a deeper connection with the cosmos. Join us in the Holy Land of Avalon and let the Revelation begin.

# MAGDALENE AVALON RETREAT

## DECEMBER 1, 2, 3, 2023

December 1: Magdalene Shabbat at the Magdalene Chapel in  
Glastonbury  
16,30

Theme: What is Revelation and how can we be vessels for  
Revelation?

We will gather at the Magdalene Chapel in Avalon for our  
Magdalene Shabbat.

In this Sacred Gathering we honor the teachings of Yeshua and  
Mary Magdalene, whose profound wisdom flows like a river  
through the landscape of our spiritual journey. We celebrate the  
divine feminine and masculine, the dual forces that coalesce within  
each of us, creating a harmonious balance within and around us.

We honor and acknowledge the Shekhinah, the Divine Presence,  
who fills our world and hearts with eternal love and compassion. As  
we recite prayers, chant, drum, dance and rejoice in Community,  
we recognize the divine in us and among us.

In the spirit of this sacred gathering, let us remember the teachings  
of Yeshua and Mary Magdalene, Shekhinah and Adonai, let us  
remember the divine love that flows through all creation, connecting  
us in this vast, sacred tapestry of existence.

## DECEMBER 1, 2, 3, 2023

In this Magdalene Shabbat we will experience a Ceremony uniting Our Lady of Guadalupe with Lady Avalon, both Black Madonnas.

Our intention will be to anchor the presence of Guadalupe in Glastonbury, a calling that I have received for many months now.

The Guadalupe that I will bring to Glastonbury will remain in Glastonbury.

It is believed by many Gnostics that when our Lady of Guadalupe appeared to Juan Diego, this activated the influx of the Magdalene Codes on Earth.

We will experience a powerful Aramaic Prayer Chant in this Ceremony.

## December 2: 10,00 – 17,30 Revelation: The Magdalene Voice and The Soul's Journey

A profound spiritual exploration that Will open us up into the wisdom and teachings of Mary Magdalene, immersing us in the healing power of sound and the illuminating guidance of the Magdalene Light Language.

The 'Magdalene Voice' invites us to embody the Magdalene wisdom through the power of our own voices. Through practices such as chanting, singing, and toning, we are encouraged to utilize sound as a vessel for spiritual expression, connection, and healing. The voice becomes a tool of resonance, transmitting and receiving divine energy, and facilitating a deeper spiritual connection.

Incorporating the Magdalene Light Language, we are invited to engage with a spiritual form of communication that transcends the constraints of conventional language. This Light Language resonates directly with our spiritual essence, bringing about healing, awakening, and a deeper alignment with our divine purpose. It is filled with divine frequencies that serve as a powerful tool for clearing energetic blockages, activating our spiritual DNA, and unlocking our innate healing abilities.

The 'Soul's Journey' is a spiritual pilgrimage guided by Mary Magdalene's vision, a voyage towards enlightenment and unity with the Divine. This journey invites us to transcend the physical world's limitations and confront the obstacles that impede our spiritual growth. An integral part of this journey is the process of emptying ourselves, letting go of attachments, preconceptions, and all that hinders our spiritual expansion.

Through this emptying, we create space to be filled by the 'Breath of Alaha,' the divine breath that instills life and spirit into all beings. As we empty ourselves of earthly distractions, we allow our soul essence to expand, making room for divine energy to fill us. This is a path of self-realization, where we discover and align with our true spiritual nature.

## December 3: 10 - 17,30 Revelation: Beresheet: The Sound of Creation

On the third day of our retreat, we will immerse ourselves in the exploration of the 'Beresheet Revelation', stemming from the Aramaic biblical 'Beresheet,' meaning 'In the beginning,' a phrase that echoes the boundless potential of creation, the genesis of everything that exists, a testament to Creation creating infinitely.

This day is dedicated to exploring the healing required to bring forth our true creations, our genuine self-expression in this world. We question: what is the sacred path we must traverse, what rites must we undertake to manifest our innermost potential and contribute meaningfully to the continuous act of Creation?

Embracing the 'Beresheet Revelation' requires us to embark on a journey of self-emptying. We need to relinquish attachments, preconceptions, and hindrances to our spiritual growth. In this state of openness and receptivity, we align ourselves with the divine light, becoming vessels for the universal creative energy that drives all existence.

However, this spiritual alignment is not an escape from our physical existence. Instead, it is a harmonious convergence of our spiritual essence with our earthly incarnation. It is about grounding ourselves firmly in the earthly plane, honoring our physical existence, and recognizing it as a necessary part of our spiritual journey.

We understand that our soul, the essence of our being, knows our true origin. She retains the memory of our divine provenance and eternal connection with the Heavenly Realm and the Cosmic Intelligence. Our task is to uncover this deep-seated knowledge, to remember our divine heritage, and to manifest it in our earthly lives.

As we journey through this day of 'Beresheet Revelation,' we will engage with these concepts at a profound level, seeking to realize the divine potential within us and bring it forth into the world. It is an invitation to participate in the infinite act of Creation, guided by our soul's knowledge and aligned with the divine light.
